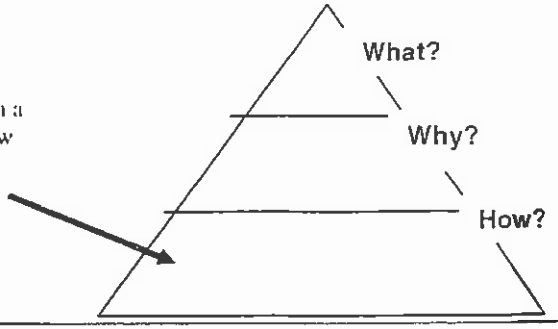
Documented Accomplishment Worksheet
D.A. Worksheet - Accomplishment # 1: Part 3

How has what you have described had an impact on student learning?

Analytical writing. Cite data, give before /after observations, quotes, & specific examples. Consider all aspects of learning. Demonstrate an **impact** (**direct** or **indirect**) on student learning. Impact on student learning is meant in a broad sense. Evidence of measured student achievement is not necessary. Show by examples how improved student learning was a result or a likely result. Learning impact could be a result of improvements in cognitive, social, behavioral, therapeutic or emotional skills. (FAQ # 23)



Plan and Think. Make a Bulleted list:

- .
- .
- .
- .

Draft: Use your bulleted list to describe what you did, when you did it, how long you did it. If you were part of a committee, what was your contribution? This is not an assessment of your project; it is a description of your personal actions in the 3 role categories.
